ABOUT OUR CLASSES

MISSION STATEMENT: It is the intention of the Weekday Early Education Program of Rockdale Baptist Church to provide a quality education for preschool children. The program is structured to strengthen the foundation of each child in an effort to build his or her understanding, skills, and attitudes that remain with him or her throughout life. With this in mind, our program is planned to help each child grow and develop to his or her fullest potential and in all areas (spiritually, academically, emotionally, socially, and physically). We are a Christian based school and our efforts to nurture children reflect our belief that Jesus Christ is the Son of the Living God.

ABOUT OUR TEACHERS: We have the best preschool teachers around and we are very proud of them. They are creative in their teaching and dedicated to their students. It is our policy to employ teachers with college degrees and/or extensive experience in preschool education. Our teachers continue to receive training, both on- and off-site through various workshops. Our faculty includes a lead teacher and an assistant for each classroom. All teachers must undergo a thorough Background Check by law enforcement. Also, all teachers are First Aid Safety and CPR Certified.

Our student to teacher ratio is low in order to provide individual attention for each child. Teachers instruct from the Weekday Early Education curriculum, which is designed to encourage growth upon which future learning will be built. Our teachers are dedicated to:

- Developing the senses.
- Understanding feelings.
- Developing a sense of Christian values.
- Preparing each child academically to meet his/her age-appropriate educational criteria.

Tuition

\$125/month for two day classes
\$150/month for three day classes
\$175/month for four day classes

FOURS (K-4): Our K-4 teachers prepare the children for kindergarten based on the suggested state requirements. It is our

goal to provide the children with a good foundation for learning while still promoting Christian standards and a positive self-esteem. The children will learn through the five areas outlined in this brochure.

THREES: The goal of our teachers is to create a loving Christian learning environment so that children will feel secure away from home. The

academic focus will be on pre-writing and pre-reading skills to prepare them for the next step in their education. The children will learn through many activities that will include all of their senses and will focus on the five areas outlined in this brochure.

TWOS: As this may be the child's first experience away from home, our teachers strive to make the transition a smooth one. The children will learn

about God's world in a nurturing environment. They will grow in their social skills as well as develop their fine and gross motor skills through a variety of learning experiences.

ONES: As this may be the child's first experience away from home, our teachers strive to make the transition a smooth one. The teachers offer many activities for the children, such as crafts, music, and interactive play. Our loving Christian

environment is a wonderful first experience in which the youngest of our children can learn.

MUSIC: The twos, threes, and fours attend music class each week where they develop a love for music through wonderful songs and movement. Parents are invited to special programs throughout the year.

LIBRARY: The twos, threes, and fours visit our on-site Children's Library regularly each month where they are encouraged to develop a love for reading and exploring God's world through books.

CHAPEL: All of the children attend chapel each week where they will enjoy uplifting praise songs, a Bible story and a Bible verse. The Bible stories focus on many things, including God's love for us, God is the creator, character traits pleasing to God, and things God's servants can teach us. Of course, we always have our favorites including Noah and the Ark, Jonah and the Whale, and others. We encourage and invite parents to join us for Chapel!

EXERCISE: We offer a FUN exercise class that allows the students to stretch and perform various yoga-style exercises while learning the alphabet and other academics!

Please contact Sherri Alderson if you would like more information or a tour of our school. **Classes are held Monday through Thursday, 9:00 a.m. to 1:00 p.m. Students need to bring a lunch each day.**

"People were bringing little children to Jesus to have him touch them, but the disciples rebuked them. When Jesus saw this, he was indignant. He said to them, "Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these." ... And he took the children in His arms, put His hands on them and blessed them.
