

From the Pastor

We are so glad that you are interested in the Sunday School ministry of Rockdale Baptist Church. Sunday School provides a wide range of benefits to you and to our church. In Sunday School, you are able to study the Bible week after week with others. It is a setting in which you can ask questions and dialogue about the truth and application of God's Word.

You are also able to build lasting relationships through the Sunday School. In our worship services, you are able to worship and hear God's Word with the people of our church, but the worship service is not conducive to establishing close relationships. The Sunday School allows you to truly feel like you are a part of the church. We encourage you not to stay on the outer edges of Rockdale, but to begin to move into the family by joining a Sunday School class. In addition to weekly Bible study, each class has regular parties where you can get to know others your age in an informal setting.

Sunday School also allows us to care for one another. Outside of a Sunday School class, you will most likely be disappointed in the level of care that you receive. Most of the care in our church flows through the Sunday School. Members pray for one another, care for one another in times of need and tragedy, and encourage one another through difficulties.

We cannot overemphasize the need to become a part of a Sunday School Bible study group. Sunday School is vital to the health of our church and to your becoming a part of the family of God at Rockdale. If you are new to our church, don't put off joining the Sunday School. You don't have to be a member of our church in order to join Sunday School. If you have been attending for some time or are already a member, Sunday School is a step you need to take. Don't put it off any longer.

We look forward to hearing how your life is enriched by being a part of a Sunday School class.

PRESCHOOL & CHILDREN

9:30 AM

Preschool (Babies-Kindergarten)

Rockdale's top priority is to provide a safe and loving environment for Preschoolers. We take seriously the responsibility of nurturing your child and creating learning opportunities for them so they can develop mentally, socially, physically and spiritually.

We offer Sunday School classes for birth through Kindergarten. The curriculum we use is LifeWay's Family Bible Study. The content is designed around foundational biblical concepts such as God, Jesus, the Bible, Church and Family and is sequenced for age appropriate levels of learning. All teachers in the Preschool Department have a love for children, for God and His Word. They are required to have background checks and training to assure the parent that we provide the best teachers for their child.

Children (1st-5th)

It is our desire that through all the ministry programs and activities in the children's area that each child will feel loved and valued. In Sunday School, we have dedicated teachers who focus on the child's needs and make their experience on Sunday meaningful and special. Our most important goal in our teaching time is to begin laying the spiritual foundations that will point your child in the direction of discovering who Jesus Christ is as Lord and Savior.

STUDENTS

9:30 AM

Middle School (6th-8th)

At Rockdale Baptist Church we believe that educating our young people has just as much importance as educating anyone. One of our greatest solutions to take on this responsibility is our Middle School Sunday School department.

Middle School has always been an interesting time in everyone's life. We believe that middle school students learn best when they are given special attention and an environment that allows them to interact, be hands on, and just be a teenager. Our Middle School Sunday School program is designed to do that. Sunday School classes are divided by grade and gender. Each class has men or women teachers who have felt the call to set an example and make a difference in the lives of students. Classes often go outside the church to fellowship in a home, restaurant, or take on a special event.

If you have a middle school student who needs spiritual direction and someone to confide in, this department is the place for your youth.

High School (9th-12th)

The life of a high school student is filled with decisions like who to be friends with, how to fit in, who to date, and where to go to college. These decisions can lead to the greatest question ever, "What is my purpose?" Our High School Sunday School department does its best to point students in the right direction.

Classes are divided by grade and gender and taught by spiritually-led men and women. This department teaches that to glorify God in every decision and act is the purpose of life. Our teachers are not only interested in teaching a lesson but spending time with their students and providing multiple fellowship activities to know your youth better.

Much of what we decide during our teenage years plays a major role in the rest of our lives. The High School Sunday School department is prepared and willing to be a Christ-centered influence to help students know God and honor Him with their lives.
